V/No.60/2017

Basic Salary Scale: KSH. 89,748 - 120,270 p.m.  (Job Group ‘Q’)
For appointment to this grade, a candidate must have:

(i) served for a cumulative period of twelve (12) years, three (3) of which should have been in the grade of Senior Superintending Engineer (Electrical), Job Group ‘N’ and above or in a comparable and relevant position in the Public Service;
(ii) a Bachelor’s degree in Electrical Engineering or any other relevant and equivalent qualification from a university recognized in Kenya;

(iii) been registered by the Engineers Registration Board of Kenya;

(iv) Current valid annual practicing Licence from the Engineers Registration Board of Kenya;

(v) Corporate Membership with the Institution of Engineers of Kenya (IEK);

(vi) attended a Strategic Leadership Course from a recognized Institution; and

(vii) demonstrated general administrative ability required for direction, control and implementation of mechanical building services programmes.

**NOTE**: possession of a Master’s degree in a relevant field will be considered an added advantage.

**Duties and Responsibilities**

An officer at this level may be deployed as a head of a Division at Headquarters or as a Regional Electrical Engineer. Duties and responsibilities include:

(i) planning, controlling and coordinating electrical and electric designs for government building and construction works;

(ii) ensuring repair and maintenance of electrical/electric installations in government institution;

(iii) checking and recommending for approval of engineering consultants’ designs;

(iv) evaluation, certifying and recommending fees submitted by consultants;

(v) co-ordination of improvements of electrical and electronic services, Rural Electrification programmes and lightning of government installation; and

(vi) in-charge of the preparation and implementation of the department’s performance reporting and appraisal systems.

**SENIOR PRINCIPAL SUPERINTENDING ENGINEER (STRUCTURAL) - THREE (3) POSTS - V/No.61/2017**

**Basic Salary Scale**: Ksh.109,089 - Ksh.144,928 p.m. (Job Group ‘R’)

**For appointment to this grade, a candidate must have:**

(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Chief Superintending Engineer, (Structural), Job Group ‘P’ and above or in a comparable and relevant position in the Public Service;

(ii) a Bachelor’s degree in Civil Engineering or its equivalent and relevant qualification from a University recognized in Kenya;

(iii) been Registered with the Engineers Registration Board of Kenya (ERB);

(iv) a Current valid annual Practicing license from the Engineers Registration Board of Kenya;
Corporate membership with the Institution of Engineers of Kenya (IEK);

(vi) attended a Strategic Leadership Development Course from a recognized Institution; and

(vii) demonstrated a high degree of professional competence and administrative capability required for effective planning, direction, control and coordination of structural and civil engineering development programmes.

NOTE: possession of a Master’s degree in a relevant field will be considered an added advantage.

Duties and Responsibilities
An officer at this level may be deployed as a head of a Division at Headquarters. Duties and responsibilities at this level include monitoring and execution of the work in specialized fields of engineering in one of the following areas:

Structural
Specific duties and responsibilities include:
(i) planning, design, supervision of construction, contracts, materials investigation and research related to buildings and other structures like swimming pools;
(ii) direction, control and supervision of maintenance of various structures; and
(iii) control and supervision of staff and financial control in the Division.

Marine
Specific duties and responsibilities include:
(i) direction, control and supervision of design and construction.
(ii) marine works which include interalia, river training, jetties, dockyard, seawalls, footbridges and entails planning, design, construction, contracts, materials investigation and research related to marine works.

Administration and Planning
Duties and responsibilities include:
(i) administrative matters, procurement, financial control and supervision of staff;
(ii) ensuring sufficiency of design and contract drawings;
(iii) implementation of the specifications and quality control;
(iv) formulation of design standards and procedures;
(v) development of research on materials in buildings/civil and marine works technology; and
(vi) registration of consulting engineers; registration of civil engineering contractors.
(vii) research activities, administration and supervision of staff working under him/her.
Basic Salary Scale: Ksh.89,748 – Ksh.120,270 p.m. (Job Group ‘Q’)

For appointment to this grade, a candidate must have:
(i) served for a cumulative period of twelve (12) years, three (3) of which should have been in the grade of Senior Superintending Engineer (Structural), Job Group ‘N’ and above or in a comparable and relevant position in the Public Service;
(ii) a Bachelor’s degree in Civil Engineering or equivalent and relevant qualification from a university recognized in Kenya;
(iii) been Registered with the Engineers Registration Board of Kenya (ERB);
(iv) a Current valid annual Practicing license from the Engineers Registration Board of Kenya;
(v) Corporate membership with the Institution of Engineers of Kenya (IEK);
(vi) attended a strategic leadership course in a recognized Institution; and
(vii) demonstrated a high degree of professional competence and administrative capability required for effective planning, direction, control and coordination of structural development programmes.

NOTE: possession of a Master’s degree in a relevant field will be considered an added advantage.

Duties and Responsibilities
An officer at this level may be deployed as a head of a unit at Headquarters. Duties and responsibilities at this level will include monitoring and execution of the work in specialized fields of engineering in one of the following:
Building (Design and Construction)
(i) being in charge of design team;
(ii) dealing with structural design;
(iii) detailing and supervision of Government buildings, hospitals, schools, housing estates and other structures in different materials and various forms of construction;
(iv) distribution of the workload and supervision of execution; and
(v) liaison with Architects and client Ministries on problems connected with projects under the department and also checking and monitoring work produced by consulting engineers

Marine
(i) planning, design, detailing, preparation of specifications and bills of quantities, contract documents, supervision of bridges, jetties, seawall, dykes, berthing and docking facilities and other structures pertaining to sea, rivers and lakes;
(ii) distribution of the workload and supervision of execution;
(iii) preliminary and final estimates;
(iv) financial control of projects and settlement of the contractual disputes;
(v) liaison with client Ministries and Counties on technical problems in connection with the projects under the Department;
(vi) checking and monitoring work prepared by consultant engineers;
(vii) formulation of comprehensive training programmes for engineers;
(viii) checking and certifying payment certificates and other contract documents in liaison with the Architects, Roads Engineers and Government agencies and advising on all problems involving structural, civil and marine engineering.

Civil
(i) designing, detailing, preparation of the specifications, bill of quantities, supervision and maintenance of all civil works which include the sewerage disposal scheme, surface water disposal, roads, parking areas, paved areas for the Government buildings, prisons, schools, hospitals and military establishments;
(ii) distribution of workload and supervision of execution;
(iii) liaison with the Architects and client Ministries on problems connected with projects under the Department;
(iv) checking and monitoring work produced by the consulting engineers;
(v) co-ordination of planning and execution of the projects under the Ministry of Water and Irrigation and Counties;
(vi) checking and certifying payment certificates and other contract documents in liaison with the Architects, Roads Engineers and Government agencies and advising on all problems involving structural, civil and marine engineering; and
(vii) research activities, administration and supervision of all staff working under him/her.

Senior Principal Superintending Fire Officer - ONE (1) POST  V/No.63/2017

Basic Salary Scale: Ksh.109,089 – Ksh.144,928 p.m.  (Job Group ‘R’)

For appointment to this grade, a candidate must have:-
(i) served for a cumulative period of twelve (12) years in Fire Fighting or related field in the Public Service;
(ii) Bachelor’s degree in any of the following fields; Electrical Engineering, Mechanical Engineering, Disaster Management, Social Sciences, or equivalent and relevant qualification from a university recognized in Kenya;
(iii) attended a Project Development Management Course lasting not less than four (4) weeks from a recognized institution;
(iv) attended Strategic Leadership Course from a recognized institution; and
(v) demonstrated general administrative ability required for direction, control and implementation of fire services programmes;

NOTE: possession of a Master’s degree in a relevant field will be considered an added advantage.

Duties and responsibilities
The Senior Principal Superintending Fire Officer will head the fire services function and will be responsible to the Chief Engineer Mechanical (Building Services) for formulation and review of fire prevention and protection policies.
Specific duties and responsibilities include:
(i) overall responsibility for fire services in all government buildings and institutions; providing direction, control and coordination of all fire designs and maintenance of fire prevention facilities in government institutions and installations;
(ii) development of standards for fire services; provision of advice to government and other agencies on matters relating to fire services.
(iii) implementation of strategic objectives; preparation and implementation of the performance appraisal systems and contracts; and
(iv) overseeing budgetary and asset management for fire services.

Principal Superintending Fire Officer – THREE (3) POSTS  - V/No.64/2017

Basic Salary Scale: Ksh.89,748 – Ksh.120,270 p.m. (Job Group ‘Q’)

For appointment to this grade, a candidate must have:
(i) served for a cumulative period of ten (10) years in Fire Fighting or related field in the Public Service
(ii) A Bachelor’s degree in any of the following fields; Electrical Engineering, Mechanical Engineering, Disaster Management, Social Sciences, or equivalent and relevant qualification from a university recognized in Kenya.
(iii) attended a Project Development Management Course lasting not less than four (4) weeks from a recognized institution;
(iv) attended Strategic Leadership Course lasting from a recognized institution; and
(v) demonstrated general administrative ability required for direction, control and implementation of fire services programmes.
NOTE: possession of a Master’s degree in a relevant field will be considered an added advantage.

**Duties and Responsibilities**

An officer at this level will be deployed at Headquarters. Duties and responsibilities include:

(i) enforcement of fire safety standards;
(ii) coordination of public sensitization, training and awareness programmes;
(iii) overseeing designs of fire services/systems in government buildings and construction works, fire investigations;
(iv) inspection and certification of public buildings for fire safety compliance; a
(v) advice on provision of adequate means of escape, fire fighting, fire alarm, fire detection systems and other general fire precautions;
(vi) recommend deployment of fire service personnel;
(vii) maintaining a database for all fire matters; direction and co-ordination of all fire prevention and protection activities;
(viii) planning and budgeting for resources for fire prevention and protection; and
(ix) monitoring the compliance of fire safety standards and identification of training needs and making recommendations.

**VACANCIES IN THE MINISTRY OF LANDS AND PHYSICAL PLANNING**

**SENIOR DEPUTY DIRECTOR OF PHYSICAL PLANNING - ONE (1) POST V/No.65/2017**

Basic Salary Scale: Ksh.120,270  -  Ksh.180,660  (Job Group ‘S’)

For appointment to this grade, a candidate must have:-

(i) served for a minimum period of two (2) years in the grade of Deputy Director, Physical Planning, Job Group ‘R’, or in a comparable and relevant position in the public service;
(ii) a Bachelor’s degree in Urban and Regional Planning, Urban Planning, Town Planning, or equivalent and relevant qualification from a university recognized in Kenya;
(iii) a Master’s degree in Urban and Regional Planning, Urban Planning, Town Planning, or equivalent and relevant qualification from a university recognized in Kenya;
(iv) Be a corporate member of Kenya Institute of Planners or Architectural Association of Kenya (Town Planning chapter);
(v) Be registered by Physical Planners Registration Board;
(vi) attended a Strategic Leadership course from a recognized institution;
(vii) a clear understanding of National Development Goals; vision 2030, Millennium Development Goals and the ability to relate them to physical planning; and
(viii) demonstrated professional competence and leadership capability in work performance and results.

Duties and Responsibilities
An officer at this level will be responsible to the Director of Physical Planning for:-
(i) initiating the formulation of national, regional and local physical development policies, guidelines and strategies;
(ii) coordinating the preparation and implementation of the National Spatial Plan;
(iii) reviewing national, regional, county, metropolitan, urban, rural physical development plans and strategic national projects/programmes;
(iv) directing research on matters relating to physical planning and facilitating the implementation of the findings;
(v) evaluating the annual state of planning reports and providing direction on issues arising; overseeing monitoring and evaluation of physical planning projects/programmes at the county and national levels;
(vi) overseeing the automation of physical planning processes; undertaking key programmes in collaboration and partnership with public agencies and other stakeholders on physical planning matters.
(vii) coordinating performance management process; Planning, and budgeting for departmental resources; and
(viii) managing, mentoring and facilitating continuous professional development of staff.

DEPUTY DIRECTOR, PHYSICAL PLANNING - THREE (3) POSTS - V/No.66/2017

Basic Salary Scale: Ksh.109,089 - Ksh.144,928 (Job Group ‘R’)

For appointment to this grade, a candidate must have;
(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Senior Assistant, Director, Physical Planning, Job Group ‘Q’ and above or in a comparable and relevant position in the Public Service;
(ii) a Bachelor’s degree in in Urban and Regional Planning, Urban Planning, Town Planning, or equivalent and relevant qualification from a university recognized in Kenya;
(iii) a Master’s degree in Urban and Regional Planning, Urban Planning, Town Planning, or equivalent and relevant qualification from a university recognized in Kenya;
(iv) Be a corporate member of Kenya Institute of Planners or Architectural Association of Kenya (Town Planning Chapter);
(v) Be registered by the Physical Planners Registration Board
(vi) attended a strategic leadership course from a recognized institution;
(vii) Have proven administrative ability and professional competence necessary for the
effective performance of work at this level.
(viii) demonstrated managerial and professional competence in work performance and
exhibited a thorough understanding of national policies, goals, objectives and ability to
relate them to the Physical Planning function.

Duties and Responsibilities
Duties and responsibilities will include;
(i) coordinating key result areas such as planning and management of the Lamu port
South Sudan Ethiopia Transport corridor (LAPSSET), new towns planning and
implementation, urban areas planning and implementation, cities and metropolitan
planning and implantation, county planning, inter-county (regional) planning,
development control;
(ii) overseeing the formulation of physical planning manuals, standards and guidelines;
(iii) coordinating research on matters relating to strategic national projects and
programmes, human settlement patterns, urbanization patterns, urban sprawl and
emerging methodologies, issues and trends;
(iv) coordinating preparation of county, metropolitan, regional, urban and rural physical
development plans;
(v) formulating strategies for public education, participation and engagement; overseeing
the preparation of annual state of physical planning reports;
(vi) monitoring and evaluation of physical planning projects/programmes at the county
and national levels.
(vii) preparing and implementing strategic plans and annual work plans; and facilitating
continuous professional development of staff.

SENIOR ASSISTANT DIRECTOR, PHYSICAL PLANNING - FIVE (5) POSTS
V/No.67/2017

Basic Salary Scale: Ksh.89,748 - Ksh.120,270 (Job Group ‘Q’)

For appointment to this grade, an officer must have:-
(i) served for a minimum period of two (2) years in the grade of Assistant Director,
Physical Planning, Job Group ‘P’;
(ii) a Bachelor’s degree in in Urban and Regional Planning, Urban Planning, Town
Planning, or equivalent and relevant qualification from a university recognized in
Kenya;
(iii) a Master’s degree in Urban and Regional Planning, Urban Planning, Town Planning, or
equivalent and relevant qualification from a university recognized in Kenya;
(iv) a corporate member of Kenya Institute of Planners or Architectural Association of Kenya (Town Planning Chapter);
(v) be registered by the Physical Planners Registration Board;
(vi) attended a Strategic Leadership course from a recognized institution;
(vii) demonstrated technical and professional competence as reflected in work performance and results.

Duties and Responsibilities:
Duties and responsibilities will entail:
(i) developing plans for strategic national projects and programmes such as Lamu Port South Sudan Ethiopia Transport corridor (LAPSSET), techno-cities, resort cities, resettlement and special economic zones;
(ii) interpreting national policies, and formulation of strategies, standards and programmes;
(iii) conducting thematic research on matters relating to strategic national projects and programmes; supervising preparation of county, metropolitan, regional, urban and rural spatial plans;
(iv) implementing strategies for public education, participation and engagement;
(v) preparing annual state of physical planning reports on Strategic National projects/programmes; and providing guidance to liaison committees and secretariats.

VACANCIES IN THE MINISTRY OF ENERGY AND PETROLEUM
STATE DEPARTMENT FOR ENERGY

DIRECTOR OF RENEWABLE ENERGY, JOB GROUP ‘S’ – TWO (2) POST - V/No.68/2017

Basic Salary Scale: Ksh.120,270 – Ksh.180,660 p.m. - Job Group ‘S’

For appointment to this grade, a candidate must have;
(i) served for a cumulative period of eighteen (18) years, three (3) of which should have been in the grade of Senior Assistant Director, Renewable Energy, Job Group ‘Q’ and above;
(ii) a Bachelor’s degree in any of the following disciplines: Energy, Chemistry, Biochemistry, Forestry, Agriculture, Environmental Science, Engineering (Mechanical, Chemical, Electrical, Energy) or equivalent qualification university recognized in Kenya;
(iii) attended a Strategic Leadership course from a recognised institution;
(iv) demonstrated professional competence and administrative capability as reflected in work performance and results; and
clear understanding of national goals, policies and objectives and the ability to translate them into renewable energy policies and programmes.

NOTE: possession of a Master’s degree in a relevant field will be considered an added advantage.

Duties and responsibilities
An officer at this level will be responsible to the Secretary, Renewable Energy for the administration of a department in the Renewable Energy Directorate. Duties and responsibilities will entail:
(i) Coordinating the development and review of relevant Policies, Regulation and other statutes;
(ii) Initiating formulation of standards and codes of practice for renewable energy technologies, energy efficiency and conservation in collaboration with stakeholders;
(iii) Coordinating private sector and other stakeholder participation in production, distribution and promotion of renewable energy technologies and marketing of its products;
(iv) Directing feasibility studies on harnessing of renewable energy resources;
(v) Coordinating project formulation, implementation, monitoring and evaluation;
(vi) Approving packaging and dissemination of information on renewable energy systems;
(vii) Overseeing the supervision of contractors and consultants; and
(viii) Collaborating with institutions of higher learning in development of educational curricula.

DEPUTY DIRECTOR OF RENEWABLE ENERGY – FOUR (4) POSTS – V/No.69/2017

Basic Salary Scale: Ksh.109,089 – Ksh.144,928 p.m. - Job Group ‘R’

For appointment to this grade, an officer must have:
(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Assistant Director, Renewable Energy, Job Group ‘P’ and above or in a comparable and relevant position in the Public Service;
(ii) a Bachelor’s degree in any of the following disciplines: Energy, Chemistry, Biochemistry, Forestry, Agriculture, Environmental Science, Engineering (Mechanical, Chemical, Electrical, Energy) or its equivalent qualification from a university recognized in Kenya;
(iii) attended a Strategic Leadership course from a recognised institution;
(iv) demonstrated professional competence and administrative capability as reflected in work performance and results; and
clear understanding of national goals, policies and objectives and the ability to translate them into renewable energy policies and programmes.

NOTE: possession of a Master’s degree in a relevant field will be considered an added advantage.

Duties and responsibilities
Duties and responsibilities at this level will entail:

(i) Initiating the development and review of relevant Policies, Acts, Regulation and other statutes;
(ii) Planning and promotion of bio-energy, renewable energy technologies, energy efficiency and conservation and outreach programmes;
(iii) Coordinating private sector participation in production, distributing and promoting renewable energy technologies and marketing its products;
(iv) Undertaking collaborative research activities on new and emerging technologies, energy efficiency and conservation;
(v) Coordinating outsourcing of consultancy services for implementation of Renewable Energy programmes;
(vi) Coordinating the supervision of contractors and consultants; and
(vii) Coordinating feasibility studies on harnessing of Renewable Energy resources.

SENIOR ASSISTANT DIRECTOR OF RENEWABLE ENERGY, JOB GROUP ‘Q’ – FIVE (5) POSTS – V/No.70/2017

Basic Salary Scale: Ksh.89,748 - Ksh.120,270 p.m. (Job Group ‘Q’)

For appointment to this grade, an officer must have:-

(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Principal, Renewable Energy Officer, Job Group ‘N’ and above or in a comparable and relevant position in the Public Service;
(ii) a Bachelor’s degree in any of the following disciplines: Energy, Chemistry, Biochemistry, Forestry, Agriculture, Environmental Science, Engineering (Mechanical, Chemical, Electrical, Energy) or equivalent qualification from a university recognized in Kenya;
(iii) attended a strategic leadership course from a recognised institution; and
(iv) demonstrated professional competence and merit as reflected in work performance and results.
NOTE: possession of a Master’s degree in a relevant field will be considered an added advantage.

**Duties and Responsibilities**

Duties and responsibilities at this level will include:-

(i) Developing and appraising alternative energy technologies, energy efficiency and conservation and bio-energy programmes and projects;

(ii) Undertaking feasibility studies to harness renewable energy resources;

(iii) Supporting private sector participation in production, distribution and marketing of renewable energy technologies;

(iv) Identifying and initiating programmes and projects in renewable energy as well as collaborative research activities;

(v) Advising investors on the statutory requirements and procedures for investment and implementation of renewable energy programmes and projects;

(vi) Initiating the mainstreaming of climate change mitigation and adaptation in renewable energy development;

(vii) Initiating the preparation of terms of reference (tors) for outsourcing expertise and resources for implementing renewable energy programmes; and

(viii) Mentoring, coaching and managing performance of staff.

**CHIEF ENGINEER (MECHANICAL) - ONE (1) POST - V/No.71/2017**

**Basic Salary Scale:**  Ksh.120,270  –  Ksh.180,660 p.m.  -  Job Group ‘S’

**For appointment to this grade, a candidate must have:**

(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Principal Superintending Engineer (Mechanical), , Job Group ‘Q’ and above or in a comparable and relevant position in the Public Service;

(ii) a Bachelor’s degree in Mechanical Engineering or any other relevant and equivalent qualification from a university recognized in Kenya;

(iii) a Master’s degree in Mechanical Engineering or a relevant and equivalent qualification from a university recognized in Kenya;

(iv) Been registered by Engineers Registration Board of Kenya;

(v) Current valid annual Practicing Licence from the Engineers Registration Board of Kenya;

(vi) Corporate Membership with the Institution of Engineers of Kenya (IEK);

(vii) attended a strategic leadership course from a recognized institution. and

(viii) demonstrated general administrative ability required for direction, control and implementation of power generation projects; and
Duties and responsibilities

Duties and responsibilities will entail:

(i) Formulating policies and developing technical standards on matters pertaining to power generation;

(ii) Coordinating and reviewing of appraisal of energy generation projects;

(iii) Coordinating the preparation of budgets, strategic plan, work plans, procurement plans and progress reports;

(iv) Developing and formulating technical standards in collaboration with Kenya Bureau of Standards (KEBS);

(v) Facilitating power generation planning under the Least Cost Power Development Plan;

(vi) Facilitating and reviewing of feasibility studies on power generation projects;

(vii) Overseeing monitoring and evaluation of power generation, Projects; and

(viii) Facilitating and coordinating activities of the Kenya Nuclear Electricity Board (KNEB)

For appointment to this grade a candidate must have:

(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Chief Superintending Engineer, (Mechanical), Job Group ‘P’ and above, or comparable and relevant position in the Public Service

(ii) a Bachelor’s degree in Mechanical Engineering or any other relevant and equivalent qualification from a university recognized in Kenya;

(iii) a Master’s degree in Mechanical Engineering or any other relevant and equivalent qualification from a university recognized in Kenya

(iv) been registered by Engineers Registration Board of Kenya;

(v) current valid annual Practicing Licence from the Engineers Registration Board of Kenya;

(vi) corporate Membership with the Institution of Engineers of Kenya (IEK);

(vii) attended a Strategic Leadership course from a recognized institution; and

(viii) demonstrated general administrative ability required for direction, control and implementation of power generation projects.
Duties and responsibilities will entail:
(i) Participating in formulation and articulation of policy on matters pertaining to power generation;
(ii) Assisting in mobilizing of resources for thermal, nuclear, geothermal and major wind power generation projects;
(iii) Coordinating the development of technical standards related to sustainable resources and related power generation projects;
(iv) Coordinating the power generation planning;
(v) Coordinating and review of pre-investment feasibility studies on power generation projects to determine their technical and economic viability;
(vi) Spearheading the development of a comprehensive legal and regulatory framework for Kenya’s nuclear power programme;
(vii) Coordinating monitoring, supervision and evaluation of petroleum and natural gas pipeline construction; and
(viii) Coordinating monitoring, supervision, evaluation and appraisal of thermal, nuclear, geothermal and major wind power generation projects.

**PRINCIPAL SUPERINTENDING ENGINEER (MECHANICAL)– TWO (2) POSTS**

V/No.73/2017

Basic Salary Scale: Ksh. 89,748 - Ksh.120,270 p.m. (Job Group ‘Q’)

For appointment to this grade an officer must have:
(i) served for a cumulative period of twelve (12) years, three (3) of which should have been in the grade of of Senior Superintending Engineer, (Mechanical), Job Group ‘N’ and above, or comparable and relevant position in the Public Service
(ii) a Bachelor’s degree in Mechanical Engineering or equivalent relevant qualification from a university recognized in Kenya;
(iii) a Master’s degree in Mechanical Engineering or relevant and equivalent qualification from a university recognized in Kenya;
(iv) Been registered by the Engineers Registration Board of Kenya;
(v) Current Valid Annual Practicing Licence from the Engineers Registration Board of Kenya;
(vi) corporate Membership with the Institution of Engineers of Kenya (IEK);
(vii) attended a strategic leadership course from a recognized Institution;
(viii) demonstrated general administrative ability required for direction, control and implementation of power generation projects.

Duties and responsibilities
Participating in energy policy formulation;
Facilitating and supervising the monitoring and evaluation of power generation projects;
Participating in the development of technical standards related to power generation projects in collaboration with KEBS;
Coordinating, following-up and reviewing of feasibility studies on power generation projects and Kenya’s nuclear power project activities;
Participating in the development of a comprehensive legal and regulatory framework for Kenya’s nuclear power programme.

Supervising and review of pre-investment feasibility studies on power generation projects; and
Supervising and the review of Environmental Impact Assessment report studies related to power generation projects.

**CHIEF ENGINEER (ELECTRICAL) – ONE (1) POST - V/No.74/2017**

Basic Salary Scale:   Ksh.120,270   –   Ksh.180,660 p.m.   - Job Group ‘S’

For appointment to this grade a candidate must have:

(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Principal Superintending Engineer (Electrical), Job Group ‘Q’ and above or in a comparable and relevant position in the Public Service;
(ii) a Bachelor’s degree in Electrical Engineering or any other relevant and equivalent qualification from a university recognized in Kenya;
(iii) a Master’s degree in Electrical Engineering or any other relevant and equivalent qualification from a university recognized in Kenya;
(iv) Been registered by Engineers Registration Board of Kenya;
(v) Current valid annual Practicing Licence from the Engineers Registration Board of Kenya;
(vi) Corporate Membership with the institution of Engineers of Kenya (IEK);
(vii) attended a Project Development and Management course lasting not less than four (4) weeks from a recognized Institution;
(viii) attended a strategic leadership course from a recognized institution;
(ix) demonstrated a high degree of professional competence, administrative capability required for effective planning, direction, control and coordination of power sector programmes; and
(x) a thorough understanding of National goals, policies’ and programmes and the ability to translate them into the power sector functions.
Duties and responsibilities
Specific duties and responsibilities will entail:
(i) formulating Energy policy in the electricity subsector;
(ii) enhancing, reinforcing and upgrading of the power sector infrastructure;
(iii) coordinating the national electrification strategies towards achieving universal access to electricity;
(iv) coordinating the development of the National Electricity Master Plan;
(v) coordinating, following-up and reviewing of feasibility studies on national transmission and distribution projects;
(vi) developing energy sector cooperation frameworks and protocols with regional Governments and international bodies;
(vii) promoting of strategies that will minimize international energy trade barriers, attract investments and facilitate exchange of information and data; and
(viii) coordinating the development of a new and robust national grid system; and
(ix) coordinating the monitoring and evaluation of power transmission and distribution projects.

SENIOR PRINCIPAL SUPERINTENDING ENGINEER (ELECTRICAL) - TWO (2) POSTS
V/No.75/2017

Basic Salary Scale: Ksh.109,089 - Ksh.144,928 p.m. (Job Group ‘R’)

For appointment to this grade a candidate must have:
(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Chief Superintending Engineer (Electrical), Job Group ‘P’ and above or in a comparable and relevant position in the Public Service;
(ii) a Bachelor’s degree in Electrical Engineering or any other relevant and equivalent qualification from a university recognized in Kenya;
(iii) a Master’s degree in Electrical Engineering or any other relevant and equivalent qualification from a university recognized in Kenya;
(iv) been registered by Engineers Registration Board of Kenya;
(v) current valid annual Practicing Licence from the Engineers Registration Board of Kenya;
(vi) Corporate Membership with the institution of Engineers of Kenya (IEK);
(vii) attended a Project Development and Management course lasting not less than four (4) weeks from a recognized Institution;
(viii) attended a strategic leadership course from a recognized institution; and
(ix) demonstrated general administrative ability required for direction, control and implementation of electrical services programmes.
**Duties and responsibilities**

Specific duties and responsibilities will entail:

(i) Participating in Energy policy formulation in electricity subsector.

(ii) Developing framework to enhance, reinforce and upgrade the electrical grid network;

(iii) Developing and coordinating electrification strategies towards achieving universal access to electricity;

(iv) Participating in development of the National Electricity Master Plan;

(v) Identifying transmission line projects that will serve the projected power demand;

(vi) Reviewing of feasibility studies on national transmission and distribution projects;

(vii) Participating in development of energy sector cooperation frameworks and protocols with regional Governments and international bodies; and

(viii) Promoting strategies that will minimize international energy trade barriers, attract investments and facilitate exchange of information and data.

**PRINCIPAL SUPERINTENDING ENGINEER (ELECTRICAL) – TWO (2) POSTS**

V/No.76/2017

**Basic Salary Scale:** Ksh.89,748 – Ksh.120,270 p.m. - Job Group ‘Q’

**Requirements for appointment**

For appointment to this grade a candidate must have:

(i) served for a cumulative period of twelve (12) years, three (3) of which should have been in the grade of Senior Superintending Engineer (Electrical), Job Group ‘N’ and above or in a comparable and relevant position in the Public Service;

(ii) Bachelor’s Degree in Electrical Engineering or any other relevant and equivalent qualification from recognized institution

(iii) a Master’s Degree in Electrical Engineering or any other relevant and equivalent qualification from university recognized in Kenya;

(iv) been registered by Engineers Registration Board of Kenya;

(v) current valid annual Practicing Licence from the Engineers Registration Board of Kenya;

(vi) corporate Membership with the institution of Engineers of Kenya (IEK);

(vii) attended a Project Development and Management course lasting not less than four (4) weeks from a recognized Institution;

(viii) attended a Strategic Leadership course from a recognized institution; and

(ix) demonstrated general administrative ability required for direction, control and implementation of electrical services programmes.
Duties and responsibilities
Specific duties and responsibilities will entail:
(i) Participating in devising a flexible and financially sustainable strategy to provide electricity to Consumers;
(ii) Participating in Energy policy formulation related to Customer Connectivity and Rural Electrification projects;
(iii) Assisting in mobilizing of financial resources for establishment of revolving funds to finance power transmission and distribution projects;
(iv) Developing a prudent and financially sustainable customer connection policy to accelerate connectivity towards achieving universal access;
(v) Appraising of distribution, Rural Electrification and Interconnection Projects;
(vi) Assisting in sourcing of finance for Rural Electrification Projects; and
(vii) Reviewing of Environmental Impact Assessment report studies related to Rural Electrification Projects and aid in Formulation of standards in collaboration with KEBS.

CHIEF GEOLOGIST, TWO (2) POSTS - V/No.77/2017

Basic Salary Scale: Ksh.120,270 – Ksh.180,660 p.m. - Job Group ‘S’

For appointment to this grade a candidate must have:
(i) served for a cumulative period of eighteen (18) years, three (3) of which should have been in the grade of Principal Superintending Geologist, Job Group ‘Q’ and above or in a comparable and relevant position in the Public Service;
(ii) a Bachelor’s degree in any of the following disciplines: Geology, Engineering Geology, Physics, Geophysics, Geochemistry, Geo-Science, Environmental Geology or equivalent and relevant qualification from a university recognized in Kenya;
(iii) a Master’s degree in any of the following disciplines: Geology, Engineering Geology, Physics, Geophysics, Geochemistry, Geo-science, Environmental Geology or its equivalent and relevant qualification from a university recognized in Kenya;
(iv) attended a Strategic Leadership course from a recognized institution;
(v) demonstrated professional competence in work performance and results; and
(vi) clear understanding of the role of geo-energy sector in national development.

Duties and responsibilities
(i) formulating and reviewing of policies, laws, regulations, standards and guidelines in geo-energy sector;
(ii) providing technical advice to government agencies and the public on matters relating to geo-energy resources;
(iii) initiating negotiations for bilateral agreements related to geo-energy resources;
(iv) initiating engagements for public private partnerships in geo-energy sector;
(v) domesticiing provisions of treaties and conventions related to geo-energy sector;
(vi) reviewing and approving contract specifications for geo-energy resources;
(vii) liaising with relevant environmental agencies for approval of environmental and social impact assessment reports related to geo-energy sector projects; and
(viii) ensuring prudent management of financial and non-financial resources.

**SENIOR PRINCIPAL SUPERINTENDING GEOLOGIST - TWO (2) POSTS - V/No.78/2017**

**Basic Salary Scale:** Ksh.109,089 - Ksh.144,928 p.m.  **Job Group ‘R’**

For appointment to this grade a candidate must have:

(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Chief Superintending Geologist, Job Group ‘P’ and above or in a comparable and relevant position in the Public Service;

(ii) a Bachelor’s degree in of the following disciplines: Geology, Engineering Geology, Physics, Geophysics, Geochemistry, Geo-science, Environmental Geology or equivalent and relevant qualification from a university recognized in Kenya;

(iii) a Master’s degree in any of the following disciplines: Geology, Engineering Geology, Physics, Geophysics, Geochemistry, Geo-science, Environmental Geology or equivalent and relevant qualification from a university recognized in Kenya;

(iv) been registered by the Geologists Registration Board of Kenya and be a member of the Geological Society of Kenya;

(v) attended a Strategic Leadership course from a recognized institution; and

(vi) demonstrated professional competence in work performance and results.

**Duties and responsibilities**

Duties and responsibilities will entail:

(i) overseeing and reviewing proposals for geological exploration for geo-energy resources;

(ii) overseeing planning and budgeting function of geological exploration activities in geo-energy sector;

(iii) monitoring and evaluating geological exploration activities in coal, geothermal and nuclear energy;

(iv) coordinating the development of geo-energy resources contract specifications;

(v) overseeing conformity to legislation and statutes related to geological exploration activities in geo-energy resources;
implementing recommendations of geological exploration reports;
(coordinating the preparation of environmental impact assessment reports for all geo-energy sector projects; and
(ensuring prudent management of financial and non-financial resources.

**PRINCIPAL SUPERITENDING GEOLOGIST - FOUR (4) POSTS - V/No.79/2017**

**Basic Salary Scale:** Ksh.89,748 – Ksh.120,270 p.m. - Job Group ‘Q’

**For appointment to this grade, a candidate must have:**

(i) served for a cumulative period of twelve (12) years, three (3) of which should have been in the grade of Senior Superintending Geologist, Job Group ‘N’ and above or in a comparable and relevant position in the Public Service;

(ii) a Bachelor’s degree in any of the following disciplines: Geology, Engineering Geology, Physics, Geophysics, Geochemistry Environmental Geology or equivalent qualification from a university recognized in Kenya;

(iii) Be registered by the Geologists Registration Board of Kenya and be a member of the Geological Society of Kenya;

(iv) attended a Strategic Leadership course from a recognized institution; and

(v) demonstrated professional competence in work performance and results.

**Note:** possession of a Master’s degree in a relevant field will be considered an added advantage.

**Duties and responsibilities**

Duties and responsibilities will entail:

(i) initiating development of geological exploration standards and guidelines in geo-energy sector;

(ii) developing proposals for geological exploration for geo-energy resources;

(iii) coordinating geological exploration in coal, geothermal and nuclear energy;

(iv) monitoring and reporting on geological exploration activities in coal, geothermal and nuclear energy;

(v) implementing recommendations of geological exploration reports;

(vi) monitoring conformity to legislation and statutes related to geological exploration activities in geo-energy resources;

(vii) ensuring environmental and social impact assessment reports are prepared for all geo-energy sector projects; and

(viii) ensuring prudent management of financial and non-financial resources.
Basic Salary Scale: Ksh. 109,089 - Ksh.144,928 p.m. (Job Group ‘R’)

For appointment to this grade, a candidate must have:

(i) served for a cumulative period of fifteen (15) years, three (3) of which should have been in the grade of Chief Superintending Geologist, Job Group ‘P’ and above or in a comparable and relevant position in the Public Service

(ii) a Bachelor’s degree in any of the following disciplines: Petroleum Engineering, Petroleum Engineering Technology, Petroleum Geophysics, Petroleum Geochemistry, Petroleum Geoscience, Mechanical Engineering, Civil Engineering, Chemical Engineering, Petroleum Economics, Geology, Physics, Chemistry or equivalent and relevant qualification from a university recognized in Kenya;

(iii) a Master’s degree in any of the following fields: - Petroleum Engineering, Petroleum Geophysics, Petroleum Geochemistry, Petroleum Geoscience, Petroleum Economics or equivalent and relevant qualification from a university recognized in Kenya;

(iv) Certificate in petroleum related course lasting not less than four (4) weeks from a recognized institution;

(v) attended a strategic leadership course from a recognized institution;

(vi) demonstrated outstanding professional competence and managerial ability as reflected in work performance and results

Duties and responsibilities
Duties and responsibilities at this level will include:

(i) coordinating the implementation of policies, strategies and programs in the oil and gas sector;

(ii) coordinating the design and development of petroleum programs, systems, standards and regulations in the oil and gas sector;

(iii) coordinating development and updating of the national petroleum master plan;

(iv) developing terms and modalities for negotiation of petroleum projects and programs that require external funding;

(v) evaluating the impact of cash flow analysis, risk assessment and economic modeling on petroleum projects;

(vi) evaluating and making recommendations on reports on reserve estimation of oil and gas reserves;
monitoring and evaluating field development studies in the oil and gas sector;
verifying and reporting on petroleum production rates; and
coordinating oil and gas research programmes.

PRINCIPAL SUPERINTENDING GEOLOGIST - FOUR (4) POSTS - V/No.81/2017

Basic Salary Scale: Ksh.89,748 - Ksh.120,270 p.m. (Job Group ‘Q’)

For appointment to this grade, a candidate must have:
(i) served for a cumulative period of twelve (12) years, three (3) of which should have been in the grade of Senior Superintending Geologist, Job Group ‘N’ and above or in a comparable and relevant position in the Public Service
(ii) a Bachelor’s degree in any of the following disciplines: Petroleum Engineering, Petroleum Engineering Technology, Petroleum Geophysics, Petroleum Geochemistry, Petroleum Geo-science, Mechanical Engineering, Civil Engineering, Chemical Engineering, Geology, Physics, Chemistry or its equivalent qualification from a university recognized in Kenya;
(iii) a certificate in petroleum related course lasting not less than four (4) weeks from a recognized institution;
(iv) attended a strategic leadership course from a recognized institution; and
(v) demonstrated professional competence and managerial ability as reflected in work performance and results.

NOTE: possession of a Master’s degree in a relevant field will be considered an added advantage

Duties and responsibilities
Duties and responsibilities at this level will entail:
(i) coordinating implementation of policies, strategies and programs in the oil and gas sector;
(ii) developing and reviewing modalities and strategies for licensing petroleum blocks;
(iii) monitoring and evaluating the design and development of programs, systems, standards and regulations in the oil and gas sector;
(iv) undertaking negotiations for petroleum projects and programs that require external funding;
(v) reviewing the specifications of petroleum products to conform with international requirements;
(vi) monitoring and evaluating performance of oil and gas infrastructure;
(vii) developing framework for monitoring costs of petroleum operations; and
(viii) reviewing and making recommendations on petroleum operations.
